

Heavy Duty

Premium Belts

**Reinforced with Aramid Fiber
in RED**

Our Belts are made with high-strength Aramid fiber cords for heavy duty applications and severe duty cycles. These belts have a "drier" cover fabric that was designed to increase flexibility and withstand severe clutching action, bending or twisting, heavy loads and backside idler applications. Oil and heat resistant. Individually sleeved with dimensions in inches and millimeters.

TAKE PART

FINEST SELECTION OF ARAMID BELTS

- High Performance V-Belt
- Reinforced with Aramid cord
- High Longevity and Durability
- Oil and Heat resistant

3/8" Belts

Rotary #	Type	Size (")	Size (mm)					
20198	3L	3/8 x 24	9,5 mm x 610 mm	inner length	575 mm	outer length	610 mm	
20199	3L	3/8 x 25	9,5 mm x 635 mm	inner length	600 mm	outer length	635 mm
